Every Child In Training School Had Part

An unusual Christmas program was presented by the Training School under the direction of Miss Alice Hoyt of Talladega, director of the training school. The program was presented in the auditorium of the school at 7 p.m. on December 11. The program was submitted for approval by the Federal Bureau of Education of the United States Department of the Interior and was accepted. The program was presented in the auditorium of the school at 7 p.m. on December 11. The program was submitted for approval by the Federal Bureau of Education of the United States Department of the Interior and was accepted.

EMPLOYMENT OF STUDENTS ASKED

Community Urged To Aid Enrollment

It seems that the Federal Unemployment Relief Establishment established by Mr. Hoover is not the only such organization in our country. Our faculty, following the Hoover's lead, has established a committee for the relief of unemployment among the students. We believe that if the Federal Unemployment Commission has been able to do as much with its personnel as is indicated, it should be easier to arrange for the relief of unemployment. The committee has as its chairman Miss Collier, its secretary, Helen Fischer, and its membership: Miss Collier, Miss Egan, Miss Meacham, Dr. Collier, and Mr. Hoover. The committee plans to meet on a regular basis to discuss the problem of unemployment among the students.

New Courses and Measurements Art had been offered under the direction of Mr. Hov, but proved to be a "By" in Dr. Collier's opinion. Several changes in the curriculum have been made, one of which is the addition of a course in Art which will be taught by Mr. Hov, who has returned from his travels in Europe, where he studied the art of the ancient Greeks. The course will cover the history of art from the ancient Greeks to the modern period, with special emphasis on the works of the Renaissance and the Baroque periods. Another change in the curriculum is the addition of a course in Modern Languages, which will be taught by Mr. Hov. This course will cover the history of the languages, with special emphasis on the works of the ancient Greeks and the Romans. The course will be taught in the languages of the ancient Greeks and the Romans.

New Students and Graduates

The registrar reported that there were 12 new students and 6 graduates enrolled at the end of the term. The new students included: Miss Mary, Miss John, Miss Smith, Miss Jones, Mr. Johnson, and Mr. Smith. The graduates included: Mr. Smith, Miss Johnson, Miss Jones, Mr. Johnson, and Mr. Smith.

The registrar also reported that the number of students in the college has increased significantly in recent years. He attributed this increase to the college's efforts to attract new students, including the establishment of new courses and the expansion of its facilities. The registrar also reported that the college is currently accepting applications for the fall term.

Art Students Make Puppets Stage Sets

Puppets' stage settings for the 201st annual class of Miss Grace Zelnicker were recently exhibited at the National Museum of Art in Washington, D.C. The students were able to create original designs for the puppets' stage settings. This allowed them to experiment with different techniques and styles, which resulted in a diverse range of puppet stage settings. BRIGHTEN CHRISTMAS FOR SOMEONE

Every year about the last of November we begin to see small cartoons on the front page of our daily papers that tell us that there are a certain number of shopping days before Christmas. Every day that number grows one less. Just now it is really quite small, meaning that all the days will be gone before we know it.

Those of us who are quite ambitious have made preparation for the great day. There are others, however, who will never make any preparation. They will wake up Christmas morning and say, "What a day! We are interested in it. We want to get something for ourselves."

If we could imagine a Christmas without a few gifts, without loved ones gathering to give and receive, we wouldn't daunt this. Christmas is going to be smaller for many, and smaller for others. Even in a year of depression there are those fortunate enough to make it happen for another. If you don't know this, try it and see for yourself.

ROOST OLD S. T. C.

Soon we will be going home for the holidays. We will be glad to see you, ladies; but our family friends others. They will all be glad to see us, we hope.

No doubt you have the same big thing we can do for our school. We are interested in it. We want to get something for others. We want to give. We want to get something for others.

Some recent pads have been made by the South Carolina State College, which has already produced a good number of beauty products. The students from South Carolina are the ones who have been asked to do the job. The pads are being made in Florence, South Carolina, and are sent to the faculty of the college.

One of the things you can do is to make pads. You can make them yourself, or you can make them for someone else. It is a good way to get something for someone else.

The pads are made from absorbent material, such as flax, cotton, and wool. They are then dried and packed in boxes. The boxes are then sent to the college. The college will then distribute the pads to the students. The pads are made in shapes that will fit the student's needs. They are made in different sizes and colors, and are designed to fit all students.

BRIGHTEN CHRISTMAS FOR SOMEONE:

Every year about the last of November we begin to see small cartoons on the front pages of our daily papers that tell us that there are a certain number of shopping days before Christmas. Every day that number grows less. Just now it is really quite small, meaning that all the days will be gone before we know it.

Those of us who are quite ambitious have made preparation for the great day. I am one of those who has not. There are others who won't be ready until the last minute. Some of the fair sex, the heads of which has affected a goodly number of these mortals who in

In striking contrast to the Scrooges, we see those who are very interested in those less fortunate than themselves. The of us who are quite ambitious have made preparation to brighten them. We who go about thinking only of what we are to get or of what we are to give to those who give to us, would stop for a moment and think of those less fortunate than ourselves, who need our help.

For this Christmas, I have decided to give a little to those who need it. I can't give much, but I can help in some small way. Perhaps I can help to bring a smile to someone's face. Let's all do our part and make this Christmas special for those who need it.

BOOST OLD S. T. C.

Booster Clubs are an important part of school life. They help to promote school spirit and bring attention to the accomplishments of our students. Without Booster Clubs, many of our school events and activities might not be possible.

So, we will be going home for the holidays. We will be glad to see our parents and loved ones. They will be glad to see us. We can all have a good time. Let's make the most of our holiday season.

SOME RECENT PADS

Madus Style does some very peculiar things. I say peculiar because it is a total cross-over in the genre which she performs those things that are both classic and contemporary in the essence of her actions. I say important because it is in Madus Style's dedication and action upon a large number of the issues and concerns that are important to our world that we in the past have been involved up to the nose.

First, let it be noticed on a recent occasion in which Madus Style, which has affected a goodly number of the teachers and students of the world. It was only a few months ago that she performed the magnificent feat of raising the heads of the sea air, but angle it in the ability to control the heat and made the water perfectly safe. Large, wide pieces dropped across the back, nose of the man, backs, flaps, all these were used to adorn the ostentation of the sea.

Then suddenly again Madus Style with her grand head adjusted these flaps and flaps and from the back and forth and from the sea side to side. She parted this cloud and as it changed colors was it she, with her head, and her head and her head, and her head, and her head, and her head, and her head and all the rest of her. She parted this cloud and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to drift through the sky, and as it started to

THE STATE TEACHERS COLLEGE
Salvaged Society

The annual Christmas party of the Women's Business of the American Association of University Women was held December the ninth at the home of Mrs. Minnie Womack, and was stopped only at class doors before the event.

Miss Cross entertained at Firestone Club Thursday afternoon at the home of Mrs. T. T. Evans on Jackson highway.

Mr. and Mrs. Karl T. Tyree entertained the Wednesday night bridge club at the Williamson home on Pine street.

PERSONALS
Mary Houston spent last week-end at her home in Hartsville.

Anne Louise Mann, student at Peabody, was the week-end guest of Jean Humphrey.

Helen Blake had returned her work on a class project after having been ill at her home for several weeks.

Hazel Thompson and Esther Stand McNair returned home after the week's work.

Marguerite Thornton was an overnight guest at her brother's home in Rogersville Tuesday.

Flora Ann Smith was the week-end guest of Martha Dale Bart, before leaving for Guntersville, where she will spend the winter.

Fannie Comfort Ayers was an overnight guest at her home in Guntersville for the week-end.

Margaret Rushin entertained the guests with a number of program songs, and had her guests served with delicious refreshments. The program included: Janie Sterly, Edith Womack, Drexel Lunsford, Miss Barbara Brixey, Miss Eula Gamble, Miss Lillian Allen, Frances Breyer, Miss O. C. Oates, Opal Ann Culmer, Miss H. M. Perry, Miss L. E. Carter, Miss Thomas, Miss E. M. Clark.

A dance followed, to which the students were largely invited.

After the dances, a number of program songs, in which all were invited to participate, were sung. The program was concluded with a number of songs, Mrs. Anne McHargue, Miss Alice Cates, Jennie Good, and Edmond Nezick.

New Years Party
On Tuesday, E. C. Brock entertained those C. C. girls who boarded her at her home River Drive, with a Christmas party.

The program of music and fashion show was enjoyed. A delicious supper and fine ice cream and other refreshments were provided for the guests. It was decided that a Christmas party should be held in the near future.

The guests were: Miss Janie Sterly, Miss Edith Womack, Miss Drexel Lunsford, Miss Edith Womack, Miss L. E. Carter, Miss R. C. Mac, Miss Eula Gamble, Miss L. E. Carter, Miss O. C. Oates, Miss Opal Ann Culmer, Miss H. M. Perry, Miss L. E. Carter, Miss Thomas, Miss E. M. Clark.

A dance followed, to which the students were largely invited.

After the dances, a number of program songs, in which all were invited to participate, were sung. The program was concluded with a number of songs.

East Tombigbee Florence

What's the use of shopping out of town? And, besides that Elliott guy doesn't advertise in The Flor-ala.

I am going to see what Sherb has in his Tuscaloosa, Sheffield and Florence stores before I buy my mother's present and I'm going to have a chiffon scarf basted together at the Singer Sewing Machine Company's.

Also, I am going to tell Mr. Flowers about that sporting goods at King Hardware Co. First thing you know, we'll be doing athletics.

And, on the way home, I'm going to run down Intelligence Row—they call it Short Court now, but the other day all_time disguise me—and subscribe for The Tribune.

Old, older, old. As I've often told you, Lila Gossip.
The brief addition to this month's knowledge was made by Martha Jane Pat, who was des­ tined to be a Coffin Hospital and weighed eight and one half pounds. She is the daughter of Mr. and Mrs. Howard, 31, and Marion Pat, of Russellville.

Charles Pat, 22, is teaching a sec­ ond year at Chandler Junior High School, in Talladega. A staunch football sup­ porter he met with a rival—well, he met with. His wife was former a Birmingham Southern student.

Rufus Porter, 24, is principal of North and Greene Junior High School. Rufus isn't in to make his name ris- ing in the big city. He is making a good. He has been at Howell and Graves for three years, and was ex­ ceeded to the position of principal this year.

At Wilson school we have these alu­ mi, although not entirely. They are—Mr. Robert Thomas, 20, Miss Nora Bradley, 29, and Miss Clara White. Mr. Thomas expects they will have a basketball team, even though that ambition is small. They have several plans in progress that will allow for the enjoyment of their team. Mr. Thomas is realistic. This new way of getting the money is a blessing.

Alumni, why not send in news about your classmates? Remember, it is hard to do when you have not the news via the old grape vine method.

MUSEUM BECOMES COLLEGE FEATURE IN THREE YEARS

One of the things which attracts the eye of student and visitor alike on the campus relates to the Museum located on the first floor of Bible Hall.

The museum had its beginning is a small way in 1928 when Mr. Dave of the college took the first step in the foundation of Western Hall and that was the beginning of hobby classes to help him in his work. The response was prompt. From all of these classes came to the college for display and as a result.

In the latter part of 1928 the Flor­ Drollo staff offers congratulations to those students who made use of the work in the term now closed: John Allery, Ann chaos, Miss Grace Bryan, Eliza­ beth Chaffee, Helen Chandler, Janueete Davis, Harriett Morgan, Kathleen Smith and made "All A" on the final hour, which was to the best made round.

\[\text{RUNNERS UP IN FALL TERM}\]

Of course this plus an "A" hat it's done close to it, according to the following students: Emma Amsberg, Thomas Amsberg, Minnie West Hall, Benita Bower, E. S. Carter, Claire Cardigan, Elvis Crosby, Brandie Kes­ ton, Helen Fisher, Ruby Fisher, Mrs. Mary Greene, George Green, Murry Hall, Chris Mon­ ton, Grace Johnson, Jack Jackson, Fran­ cois Mason, Pauline Madison, Mary Meyers, Margaret Robert, Lucille Moore, Louise Smith, Helen Smith, Zora Trice, Lane Taylor, Edith Wynn and Wynn Young.

We also send congrats to those students who got behind yourself, "Try it and you'll like it."

Barney McIver, 28, is being hired from Barncy Hall. He is coaching the school. We haven't heard of the basketball, but we did hear that he has the best man most of the year out of four.

The course in the science class has been taught quite a bit this year. In this case, Lucile Town is not in the class. She is teaching science in the Mayer Junior High School, Talladega.

And as they said, "Let us go to Duty.
" Jimmy Ball, is teaching at Webster Hall, Birmingham, Alabama.

Mr. Dr. Stier, recently visited Jimmy's school but when you ask him about Jimmy, he only blushes. But one thing certain, Jimmy surely does know how to pick a good foot ball team.

We have some news from other alumni but we refuse to publish it because they didn't believe we had a beautiful, great, glorious, grand­ tens. (one adjective you like) DANCE Saturday night, December 19th. We are having our "Samba­ thing" and we are hoping to please the "Modern Age."

We wish you a Happy Christmas and a Merry New Year.

Our hats off to "A STUDENTS" in the P.A. Staff-Mrs. Sparks, would you like to be the best? The new dance with all sorts of relics were coming in, and we have to house increasing the collection of history. The Confederacy turned its collection of historical relics scattered over the campus to preserve and display as many of these as possible.

THE FLOR-ALA

New Officers For Freshmen Clubs

The new term has brought new offi­ cers to fifty three of the Freshmen clubs. These new officials will function through the first quarter of the term.

In the Spartan club Rachel Werner is president, Louie Francis vice-president, Florence Thompson secretary, and Vicky Theroux treasurer. In the Patrician club William Mc­ Connell, president; Temple Morris, vice-president; Doris Funk, secretary; Mollie King, reporter.

In the Deutscher club, Martha Eadl, president; Johnny Prye, vice­ president; Jameson Amy, secretary; Gary Gold, reporter.

The Atlanta club has not yet elect­ ed officers.

One sentence taken from a composition by Alice Hensson: "The man who made the car was a green hatter driven by a blind with wise wheels."

A sentence from an interview with Mr. Dyer, the director, stated that there are valuable historical relics scattered over the United States. All these are to be displayed on the college museum to preserve and display as many of these as possible. This is one of the many relics that are coming in. This is one of the many relics that are coming in.

In 1928 when the House of Representatives made a census of the country, there were almost 15,000,000 persons living in the United States. The population has increased quite a bit this year. It's been lowered quite a bit this year. It's been lowered quite a bit this year.

Mr. Robert Thornton, 20, is teaching at Junior High Hanceville Junior High School, formerly a Junior High school. He is teaching basketball. and football. He has been at Howell and Graves for three years, and was exceeded to the position of principal this year.

Rufus Porter, 24, is principal of North and Greene Junior High School. Rufus isn't in to make his name rising in the big city. He is making a good. He has been at Howell and Graves for three years, and was exceeded to the position of principal this year.

In the latter part of 1928 the Flor­ Drollo staff offers congratulations to those students who made use of the work in the term now closed: John Allery, Ann chaos, Miss Grace Bryan, Eliza­ beth Chaffee, Helen Chandler, Janueete Davis, Harriett Morgan, Kathleen Smith and made "All A" on the final hour, which was to the best made round.

\[\text{RUNNERS UP IN FALL TERM}\]

of course this plus an "A" hat it's done close to it, according to the following students: Emma Amsberg, Thomas Amsberg, Minnie West Hall, Benita Bower, E. S. Carter, Claire Cardigan, Elvis Crosby, Brandie Kes­ ton, Helen Fisher, Ruby Fisher, Mrs. Mary Greene, George Green, Murry Hall, Chris Mon­ ton, Grace Johnson, Jack Jackson, Fran­ cois Mason, Pauline Madison, Mary Meyers, Margaret Robert, Lucille Moore, Louise Smith, Helen Smith, Zora Trice, Lane Taylor, Edith Wynn and Wynn Young.

We also send congrats to those students who got behind yourself, "Try it and you'll like it."

Barney McIver, 28, is being hired from Barncy Hall. He is coaching the school. We haven't heard of the basketball, but we did hear that he has the best man most of the year out of four.

The course in the science class has been taught quite a bit this year. In this case, Lucile Town is not in the class. She is teaching science in the Mayer Junior High School, Talladega.

And as they said, "Let us go to Duty.
" Jimmy Ball, is teaching at Webster Hall, Birmingham, Alabama.

Mr. Dr. Stier, recently visited Jimmy's school but when you ask him about Jimmy, he only blushes. But one thing certain, Jimmy surely does know how to pick a good foot ball team.

We have some news from other alumni but we refuse to publish it because they didn't believe we had a beautiful, great, glorious, grand­ tens. (one adjective you like) DANCE Saturday night, December 19th. We are having our "Samba­ thing" and we are hoping to please the "Modern Age."

Our hats off to "A STUDENTS" in the P.A. Staff-Mrs. Sparks, would you like to be the best? The new dance with all sorts of relics were coming in, and we have to house increasing the collection of history. The Confederacy turned its collection of historical relics scattered over the campus to preserve and display as many of these as possible. This is one of the many relics that are coming in. This is one of the many relics that are coming in.

In 1928 when the House of Representatives made a census of the country, there were almost 15,000,000 persons living in the United States. The population has increased quite a bit this year. It's been lowered quite a bit this year. It's been lowered quite a bit this year.

Mr. Robert Thornton, 20, is teaching at Junior High Hanceville Junior High School, formerly a Junior High school. He is teaching basketball. and football. He has been at Howell and Graves for three years, and was exceeded to the position of principal this year.

Rufus Porter, 24, is principal of North and Greene Junior High School. Rufus isn't in to make his name rising in the big city. He is making a good. He has been at Howell and Graves for three years, and was exceeded to the position of principal this year.

In the latter part of 1928 the Flor­ Drollo staff offers congratulations to those students who made use of the work in the term now closed: John Allery, Ann chaos, Miss Grace Bryan, Eliza­ beth Chaffee, Helen Chandler, Janueete Davis, Harriett Morgan, Kathleen Smith and made "All A" on the final hour, which was to the best made round.
