THE SHORT STORY

I've written a story
A very short story
About life -- and about death
It sounds intriguing, doesn't it
The story, the short story.

There are people in the story
A man is in the story
A woman is in the story
Could there be you and I there
In the story, the short story?

There's someone else in the story
Or should I say some thing,
Yes, There's some thing in the story
There's a wasp there
In the story, the short story.

Is there a happy ending to the short story
Or could it be sad?
I have said, there's life -- and death
In the story, the short story.
