### **A NATURAL INSTINCT?**

A crispy overdone moth fell  
from a ceiling light.  
He never caught the lightning  
or flew in darkened skys  
until his eyes caught the brightness  
and his wings beat the scorching air.  
A crispy overdone moth fell  
from a ceiling light  
and others beat the air, winging their way  
until someone turned out the light.

—Larry McDonald
